First of all, Security is needed, BUT... the facts are overwhelming that Security is NOT Preventing Preventable incidents and tragedies. Why? Because by design Security solutions are reacting to threats already at your front door.

Reacting takes place at your front door and Preventing takes place BEFORE the threat arrives at your front door. How does this work? There are 6 Essential Steps to Preventing and Awareness's **Connecting the Dots Platform** equips your Multi-Disciplinary Threat Assessment Team, your organization and your community to eliminate collect, assess and connect the dots while also eliminating dangerous gaps, silos, and disconnects that lead to costly liabilities, incidents, and tragedies all around the world.

Awareity's **Connecting the Dots Platform** is the new standard for achieving secure, confidential, collaboration, and legal-ready / audit-ready records management as defined in federal and state regulations as well as national standards guidelines.
